A Proven Solution

PowerSchool

PowerSchool® is the leading and fastest growing student information system (SIS) available today, supporting 12 million students in all 50 states and over 65 foreign countries. Last year, more schools and districts selected PowerSchool than any other SIS product on the market. Today, PowerSchool supports a wide range of implementations – including schools as small as 25 students, districts as large as 80,000 students, and statewide deployments.

Impact to Student Achievement

The deep functions of PowerSchool allow today's educators to make real-time decisions about each student while creating a collaborative environment for parents, teachers, and students. Access to real-time information allows student performance to be addressed in a timely manner.

Easy to Learn, Easy to Use

By leveraging the latest web technologies and evolving web design standards, PowerSchool presents users with a clean interface that is easy to learn and easy to use. With over a decade of experience as a completely web-based system, PowerSchool stands alone as the deepest and most flexible SIS available to meet the needs of K-12 schools and districts. Through SIF® Compliance, an open platform, and the ability to share enhancements with other users, PowerSchool allows each customer to easily tailor the best solution for their needs.

CareFlow Electronic Student Health Records

Designed for school nurses by school nurses:

CareFlow is an easy-to-use online student health record designed specifically for school healthcare professionals. CareFlow streamlines a school nurse's hectic work environment while assisting in providing quality care for students. Our system tracks enrollment health forms, student check-ins, medications, physicals, and immunizations, while allowing for collaboration between school nurses, trainers, counselors, coaches, and off-campus trip personnel. CareFlow is HIPAA compliant and integrates with any student information system.

User Friendly, Secure, and Mobile:

CareFlow is designed to make charting and collecting information quick and easy. Our web-based program allows you to access secure information wherever you go.

- Collect and update enrollment information from parents throughout the year using our EasyEnroll module.
- Get assistance with any remaining scanning and data entry efforts with our cost-effective ScanSense service.
- Use CareFlow eResponse to provide emergency access to chaperones, coaches, and other responsibility parties without spending time or money printing reports.
- Integrate with any student information system to collect and maintain up-to-date student data.
- Track student attendance in your health center, share the data with faculty, and export to other IT systems.
- Keep a full visit history or just add Quick Notes for student interactions at the health center.
- Allow athletic trainers to track and treat injuries and examine trends.
- Enable secure communication with school counselors through our counselor notes and attendance feature.
- Receive and/or send immunization and physical reminders and alerts based on state requirements.
- Save money on paper, ink, and the long hours dedicated to your health centers needs.

About Pearson

As the industry leader in SIS and performance solutions, Pearson offers schools and districts access to deep expertise and an unparalleled selection of technologies that address the challenges of achievement, reporting, growth, and scalability. Our student information systems enable schools and districts to leverage technology to ease reporting burdens, open up lines of communication, and simplify internal processes, such as scheduling and grading.

We believe that providing today's schools and districts with a choice of flexible, interoperable, and customizable technology solutions is critical to establishing the infrastructure needed to power performance across all stakeholder groups, be it schools, districts, administrators, teachers, or students.
